

## NGTC-2140PWR

The NGTC-2140PWR is a Dante™ enabled network power amplifier with a manageable, integrated switch, for the nexgentec™ audio distribution solution.

The nexgentec™ DSP super modules enable efficient design and deployment of the NGTC audio network system, featuring the highest levels of functionality and performance.

### Key Features

- 2 x 140 W - 4  $\Omega$
- Dante audio interface
- Stereo digital power amplifier
- Manageable integrated 2 port switch
- nexgentec ngtOS, operating system for control api, configuration and monitoring
- Bridgeable: 200 W - 4  $\Omega$

### Power and Dimensions

Power:	100 – 240 VAC / 3.15 A
BTU Rating Idle:	< 10 BTU / hr
BTU Rating Operation:	70 BTU / hr
Operation Temperature Range:	5° to 30°C
Dimensions (HxWxD):	45 mm (1 U) x 288 mm (9,5 inch) x 250 mm
Weight:	1.5 kg
